2021.09.13. – 7 q 2 t

This wine is clear and shows a medium intense, garnet colour with a watery rim.
It is not absolutely bright in colour

It shows intense, complex aromas with a very good balance between primary, secondary and tertiary aromas.

Primary: red and black cherries, blackberries, black plum, figs, licorice
Secondary: clove, nutmeg, cacao beans, smoke, cigar box
Tertiary: roasted coffee beans, dried fruit (fig, plum, cranberries), leather, underbrush, tobacco, game

On the palate:

Sweetness dry
Acidity medium (+), vivid,
ABV fully integrated at 13 % ABV
Tannins medium (+), dense, with a high level of polymerisation and moderate astringency
Body the body full with high extract

Flavour intensity medium intense and complex
Flavour characteristics same as in the nose

The finish is long, again showing the complexity in aromas as well as the great integration of all structural components

This wine is of excellent quality.

The wine is at the beginning of it's drinking window. It shows sufficient mid palate weight and dense tannin structure to further ripen for up to a decade.

tasted from Gabriel Gold on Sept. 6th, 2021
