2021.10.07. – 7 q 2 t

This wine is clear and shows a very deep ruby colour.  
The rim is ruby and just a little lighter in colour.  
The wine is not absolutely brilliant in colour.

It shows an ouvert, intense, complex aroma profile, clearly dominated by primary aromas

Primary: very ripe red fruit, cherries and plums, black berries, black plums  
dried cranberries, dried figs, chestnuts,  
jammy notes of black fruit jellies  
Secondary: just an idea of clove  
Tertiary: some dark chocolate, dried dates and hints of spicey notes such  
as cinnamon and black tea leafes

On the palate:

Sweetness it is sweet with about 100 g/l of RS  
additionally there is some glycerol sweetness detectable  
Acidity moderate, fully integrated backbone acidity  
ABV well integrated at 20 % ABV with no decetable VA  
Tannins very high and dense yet round tannins with no astringency  
Body the body is full with very high concentration and very high extract

Flavour intensity and flavour characteristics are the same as in the nose

The finish is very long and lingering

This wine is of outstanding quality and perfectly reflects all properties  
of this unique wine style while overdelivering for it's category

The wine shows quite obvious youthful, fruit driven characteristics and is at the very  
beginning of it's drinking window.

The very high level of extract, sweetness and fruity style with a high level of mid  
palate weight will allow for this wine to gracefully ripen over the next 10 to 20 years in  
bottle and develop more tertiary in aromas.

tasted from Gabriel Gold glass in September 2021
